Green Drinks International

'We have a lively mixture of people from NGOs, academia, government and business. Come along and you'll be made welcome. It's a great way of catching up with people you know and also for making new contacts. Everyone invites someone else along, so there's always a different crowd, making Green Drinks an organic, self-organising network. Simple and unstructured, but many people have found employment, made friends, developed new ideas, done deals and had moments of serendipity.'
